PC-MEP

The Pre-College Minority Engineering Program

PC-MEP is a summer engineering program for 7th through 10th graders. (6th graders entering 7th and 9th graders entering 10th) Classes are held at San Jose State University engineering building or the East Palo Alto Boys and Girls Club.

The classes will be held in two separate four-week sessions, for a total of eight weeks, during which time the students will learn about different kinds of engineering from several different viewpoints. (East Palo Alto location holds only one session.)
